Storm × country records, 1990–2023 (3,492)

event area, values read (2,846)

records without an event area, per country

1 | 2–3 | 4–7 | 8–15 | 16–31 | 32+

646 records have no event area (no Geo-Disasters units and no EM-DAT point)
and so no event-area values
